

LANDSCAPE INSTALLATION | METAL EDGE TYPE

EXTRACTABLE CAD DETAIL:

EnvyLawn detail sheets contain multiple layered details to accommodate each optional installation method. These details can be selected via the Adobe Acrobat layers panel. These details are CAD-ready and can be imported directly into your CAD software.

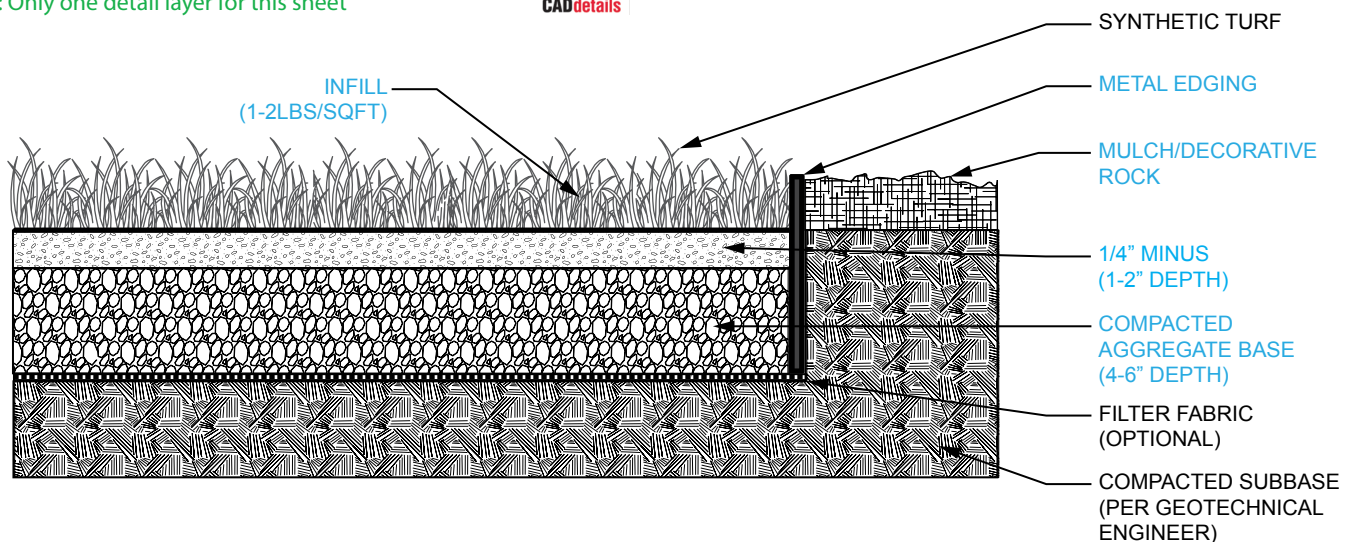

Text in **BLUE** requires materials and/or depths to be specified by the designer. We recommend reaching out to your local distributor via this link: **CONTACT US**

TURN OFF THIS SHEET DESCRIPTION LAYER AND ENABLE THE NOTES LAYER TO ADD CUSTOM NOTES
